Owner's Manual

End User License Agreement (EULA)

This is a legal agreement ("this Agreement") between you and V Expressions LTD., ("V Expressions LTD."). This Agreement pertains to your use of the V Expressions LTD. expansion programming, documentation and updates which are provided to you by V Expressions LTD (collectively, the "Product"). By purchasing a V Expressions LTD. Product, you are consenting to the terms of this Agreement.

This Agreement grants you a personal, exclusive, non-transferable, non-sub licensable right to use one copy of the V Expressions LTD. Product for your own personal use on a single computer and/or compatible drum module. V Expressions LTD. reserves all rights in the Product not expressly granted herein, including ownership and proprietary rights.

This software may not, in whole or in any part, be copied, reproduced, resold, transmitted, translated (into any language, natural or computer), reduced to any electronic medium or machine readable format, or by any other form or means without prior consent, in writing, from V Expressions LTD.

License Restrictions: You may not reproduce or distribute the Product. You may not copy the Product to any media, server or location for reproduction or distribution. You may not reverse engineer, de-compile or disassemble the Product or otherwise attempt to derive the source code for the Product, or without limitation, redistribute, sublicense, or otherwise transfer rights in the Product. This Product may not be rented, lent or leased. The restrictions contained herein apply equally to any updates that may be provided to you by V Expressions LTD..

Disclaimer of Warranties: Products provided by V Expressions LTD. are provided "As Is". V Expressions LTD. makes no warranty to you or any other entity.

Limitation of Liability: In no event shall V Expressions LTD. or its employees and/or partners be liable to you or any third party for any costs or damages arising directly or indirectly from the use of the V Expressions LTD. Product, including without limitation any actual, incidental, consequential, exemplary, punitive, reliance or special damages, or for any loss of revenue, profits, use, data, goodwill or business opportunities of any kind or nature whatsoever, arising in any manner from any cause or action or claim relating to this Agreement and to the Product provided by V Expressions LTD..

Indemnification: You agree to indemnify and hold V Expressions LTD., its employees and partners harmless from and against any and all damages, losses, costs including attorney fees and expenses resulting from any violation by you of this Agreement or asserted by any third party due to or arising out of your use of or conduct with respect to the Product.

Jurisdiction and Other Provisions: This Agreement and the relationship between V Expressions LTD. and you shall be governed in accordance with the laws of the State of Florida. Any dispute between you and V Expressions LTD. regarding this Agreement will be subject to the exclusive jurisdiction of the state and federal courts in the State of Florida.

You acknowledge that you have read this Agreement and understand it and that, by purchasing and/or using the product, you agree to be bound by its terms and conditions.

V Expressions LTD. products are the Intellectual Property of V Expressions LTD., its employees and/or partners. Violators of Intellectual Property rights will be prosecuted.

Introduction

Thank you for purchasing V Expressions LTD's **Hodge Podge**!

Our first expansion for the TD-9! This expansion is **based on our customer favorites in the TD-20 series - Master Picks and Studio Kits!**

Hodge Podge supplies the drummer with **15 incredibly realistic acoustic kits modeled after our TD-20 Master Picks collection**. These are kits **designed to sound like lightly mixed real acoustics in the studio environment**. The kits are **designed for recording realistic sounds; allowing the drummer or engineer complete post production control at the DAW**. Not only do these kits sound incredible for all types of music right out of the box, they **provide an incredible foundation for studio recording!**

Also included in **Hodge Podge** are **15 studio sets modeled after our TD-20 Studio Kits pack!** These kits are **plug n' play ready for on the go recording, gigging or just plain jamming!** The 15 studio sets **provide very similar realistic acoustic drums like our Master Picks with slight product effects added**. These are not the same kits, but the **favorite instruments are scattered throughout these awesome kits!**

Finally, we've **included three alternative cymbal patches modeled after Zildjian K's, A's and more!** The alternative cymbal patches provide **bright, dark and effects cymbals** - including **crashes, rides, splashes, swishes and chinas!** Use the user spaces to build your own custom kits from any of the Master Picks, Studio Kits and Alt Cymbal patches!

Hodge Podge is an expansion pack that can be used by hobbyists, weekend warriors and professionals alike. With these kits, the professional gigging drummer can expand his or her library of custom kits to accommodate many variations of song lists as well as musical genres and eras. The expansion is fully customizable allowing the user to continue adjusting the kits, triggers and calibrations to best match his or her playing style.

Hodge Podge Tips & Tricks

The **Hodge Podge** expansion kits are programmed to match the original sounds as closely as possible by the TD-9 drum module. In order to achieve modeled accuracy, some kits may not require the ambience levels of other kits in the expansion. This modeling technique was needed to reach maximum precision.

Some kits require ambience or lack of to achieve the original accuracy. If you wish to adjust settings to work with your public address system or band better, your model settings can be easily adjusted to add even more ambience. Tom and cymbal separation can also be adjusted in the panning screen to widen the depth of your kit without harming the model.

In the live playing environment, it is suggested that the kits be played to the mixing console as they are modeled and then adding the desired effects to accommodate the current environment. Thank you once again for purchasing the **Hodge Podge** Expansion Pack from V Expressions LTD. We hope you enjoy it!

Hodge Podge Expansion Pack Kit Listing

V Expressions Limited: TD-9 Expansion Pack Instructions

READ ALL OF THE FOLLOWING BEFORE CONTINUING!

All user kits in your TD-9 (flash memory) **will be erased during a load of any backup file**. The factory reset information is not disturbed and the original version of the TD-9 can be reset at any time to return to your default purchased starting point.

We highly recommend backing up your current TD-9 memory to save any personal previous changes before loading any expansion packs from V Expressions LTD.

Please take a moment to read all of our procedures below before attempting them.

If you have questions before attempting any of the procedures below, please refer to your TD-9 owner's manual or email V Expressions LTD from our website at www.vexpressionsltd.com.

Section I: Saving Data to an external USB Device

- Step 1:** Insert your USB key/card into the module.
- Step 2:** In the "USB UTILITY" screen, press [F1] (SAVE).
- Step 3:** Press [F1] (BACKUP).
- Step 4:** Use [+/-] or [VALUE] to specify the save-destination number.
- Step 5:** Press [F3] (SAVE).
- Step 6:** Press [F3] (EXEC).

For more detailed instruction, please see page 56 of your Roland TD-9 Owners Manual.

Section II: Loading Data from an external USB Device

Note: All the TD-9's current user data is overwritten. Make sure you have made a backup. The factory reset information will not be disturbed.

- Step 1:** Insert your USB key/card into the module.
- Step 2:** In the "USB UTILITY" screen, press [F2] (LOAD).
- Step 3:** Press [F1] (BACKUP).
- Step 4:** Use CURSOR [] [] to move the cursor to "Load Data."
- Step 5:** Use [+/-] or [VALUE] to select the specific data that will be loaded into the TD-9.
- Step 6:** Use CURSOR [] [] to move the cursor to "Number."
- Step 7:** Use [+/-] or [VALUE] to select the specific data that will be loaded into the TD-9.
- Note: Choose "KIT" to preserve current pad settings! This will ensure correct volume and pad settings!**
- Step 8:** Press [F3] (LOAD).
- Step 9:** To load the data, press [F3] (EXEC).

For more detailed instruction, please see page 58 of your Roland TD-9 Owners Manual.

V Expressions LTD Contact Information

If you have questions before attempting any of the above procedures, please refer to your TD-9 owner's manual or email V Expressions LTD from our website at www.vexpressionsltd.com.
